CHEMINDIA PORTAL OVERVIEW

Chemical Inventory of India for Industries and Stakeholders

<https://chemindia.chemicals.gov.in>

Objectives of ChemIndia

It enables robust data collection covering important aspects such as Production Quantity, Installed Capacity, Import, Export and Sales and chemical characteristics

Integration with GIS Dashboards offers intuitive location-based analytics for valuable insights on a single screen.

The platform incorporates a secure data submission system with notifications, tracking, and alerts for timely submissions.

To establishment of an Industry Facilitation Support System.

To develop a platform for the dissemination of Best Industry Practices.

ChemIndia-Features

This web-based software provides a centralized, scalable platform for data management, supporting up to 150,000 industries and 25,000 concurrent users. It offers customizable data fields, automated data ingestion, and real-time analytics with GIS dashboards. The system ensures data confidentiality, cybersecurity, and compliance with GIGW guidelines, with security audits by CERT-IN. It also features automated communication tools, including reminders and a ticketing system for query resolution, alongside customizable user roles for secure access and data governance.

1 Centralized, Scalable & Customizable Data Management

- Cloud-based platform with custom data fields and support for 150,000 industries & 25,000 concurrent users.
- Enables automated data ingestion without manual entry, adaptable to changing policies.

2 Data Analytics, Validation & Reporting

- Provides real-time data analytics, customizable reports, and GIS dashboards.
- Built-in data validation to minimize errors and ensure data accuracy.

3 Security, Confidentiality & Compliance

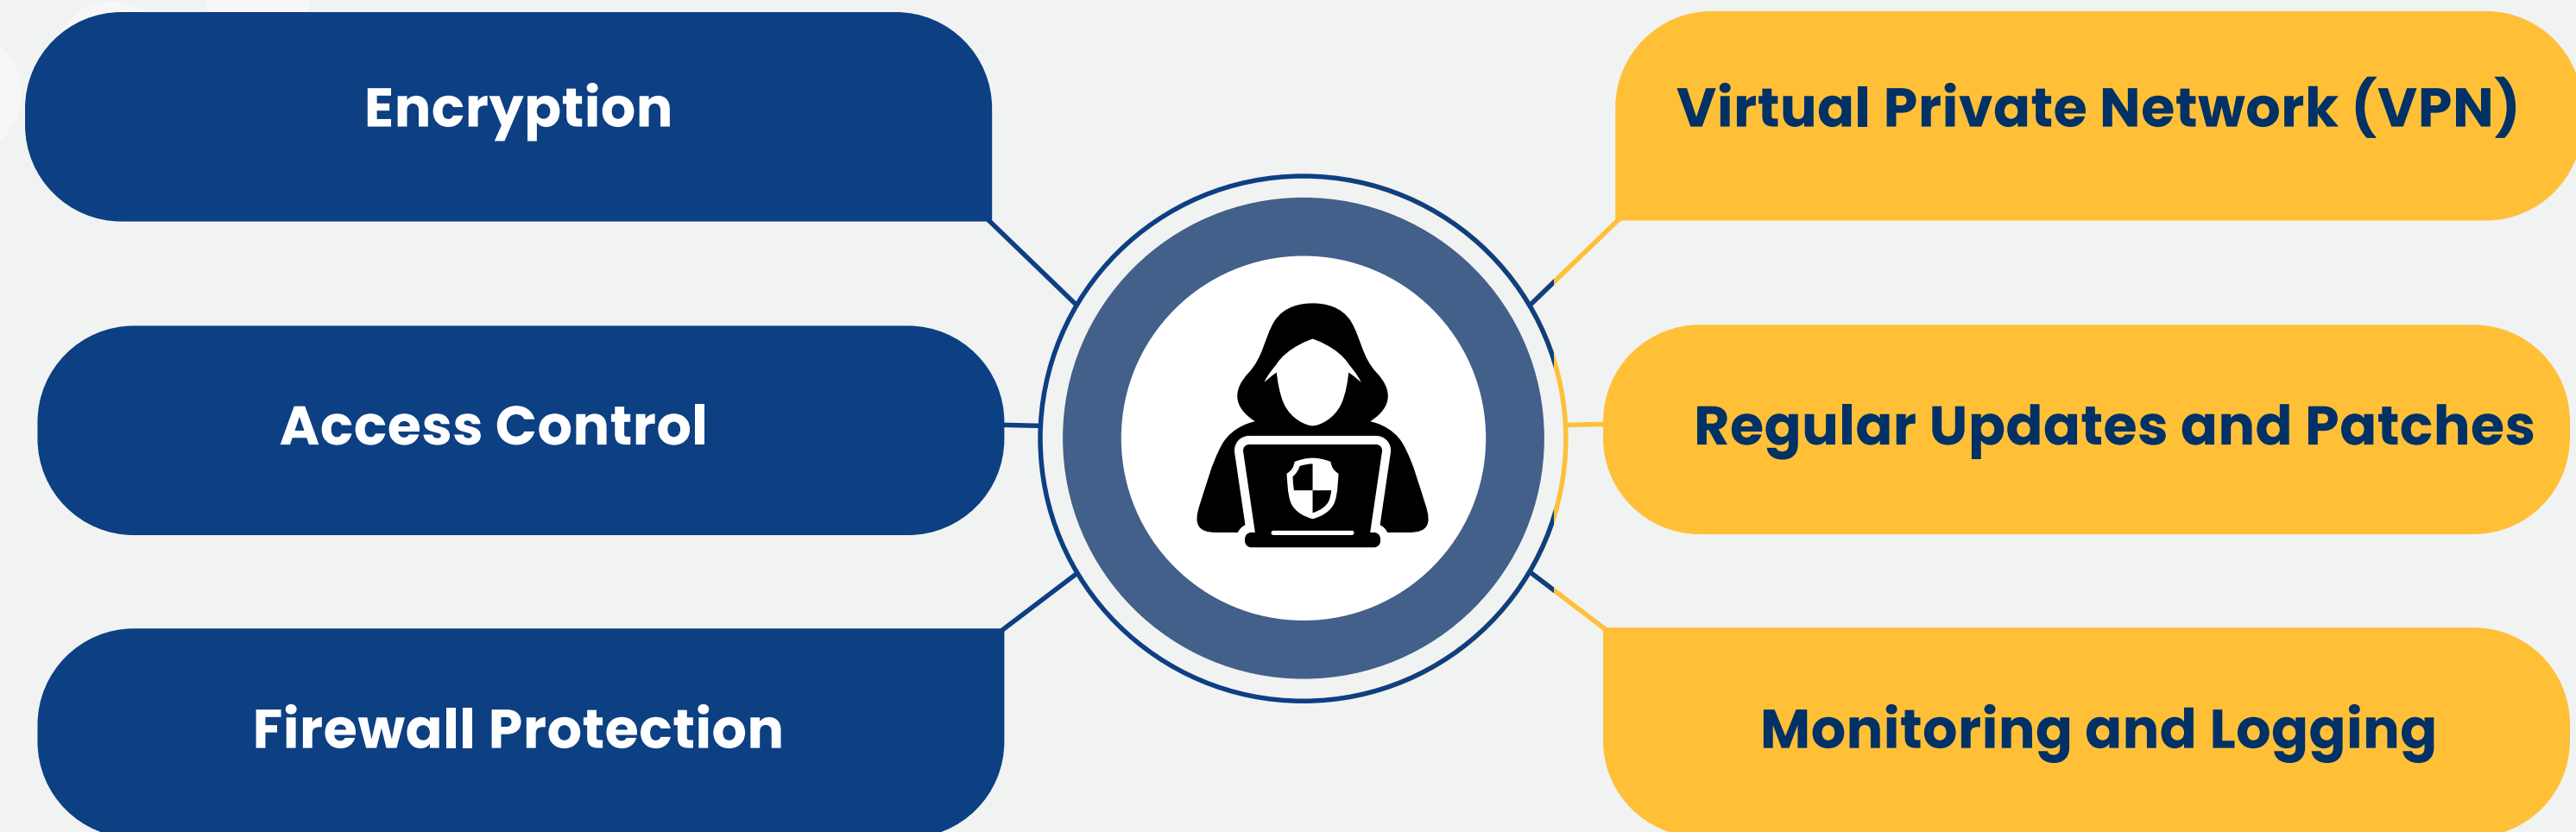

- Ensures data confidentiality and protection against cyber threats.
- Complies with GIGW Version 2 guidelines and is CERT-IN audited.

4 Communication, Query Resolution & User Management

- Automated reminders, acknowledgements, and a ticketing system for query resolution.
- Customizable user roles for secure access and data governance.

Portal Security

This security framework ensures the protection of data and systems through key measures: encrypted data transmission, strict access controls with role-based permissions, firewall protection for servers, VPN usage for secure connections, regular updates and patches to address vulnerabilities, and continuous monitoring and logging to detect security incidents. These strategies collectively enhance data security and prevent unauthorized access.

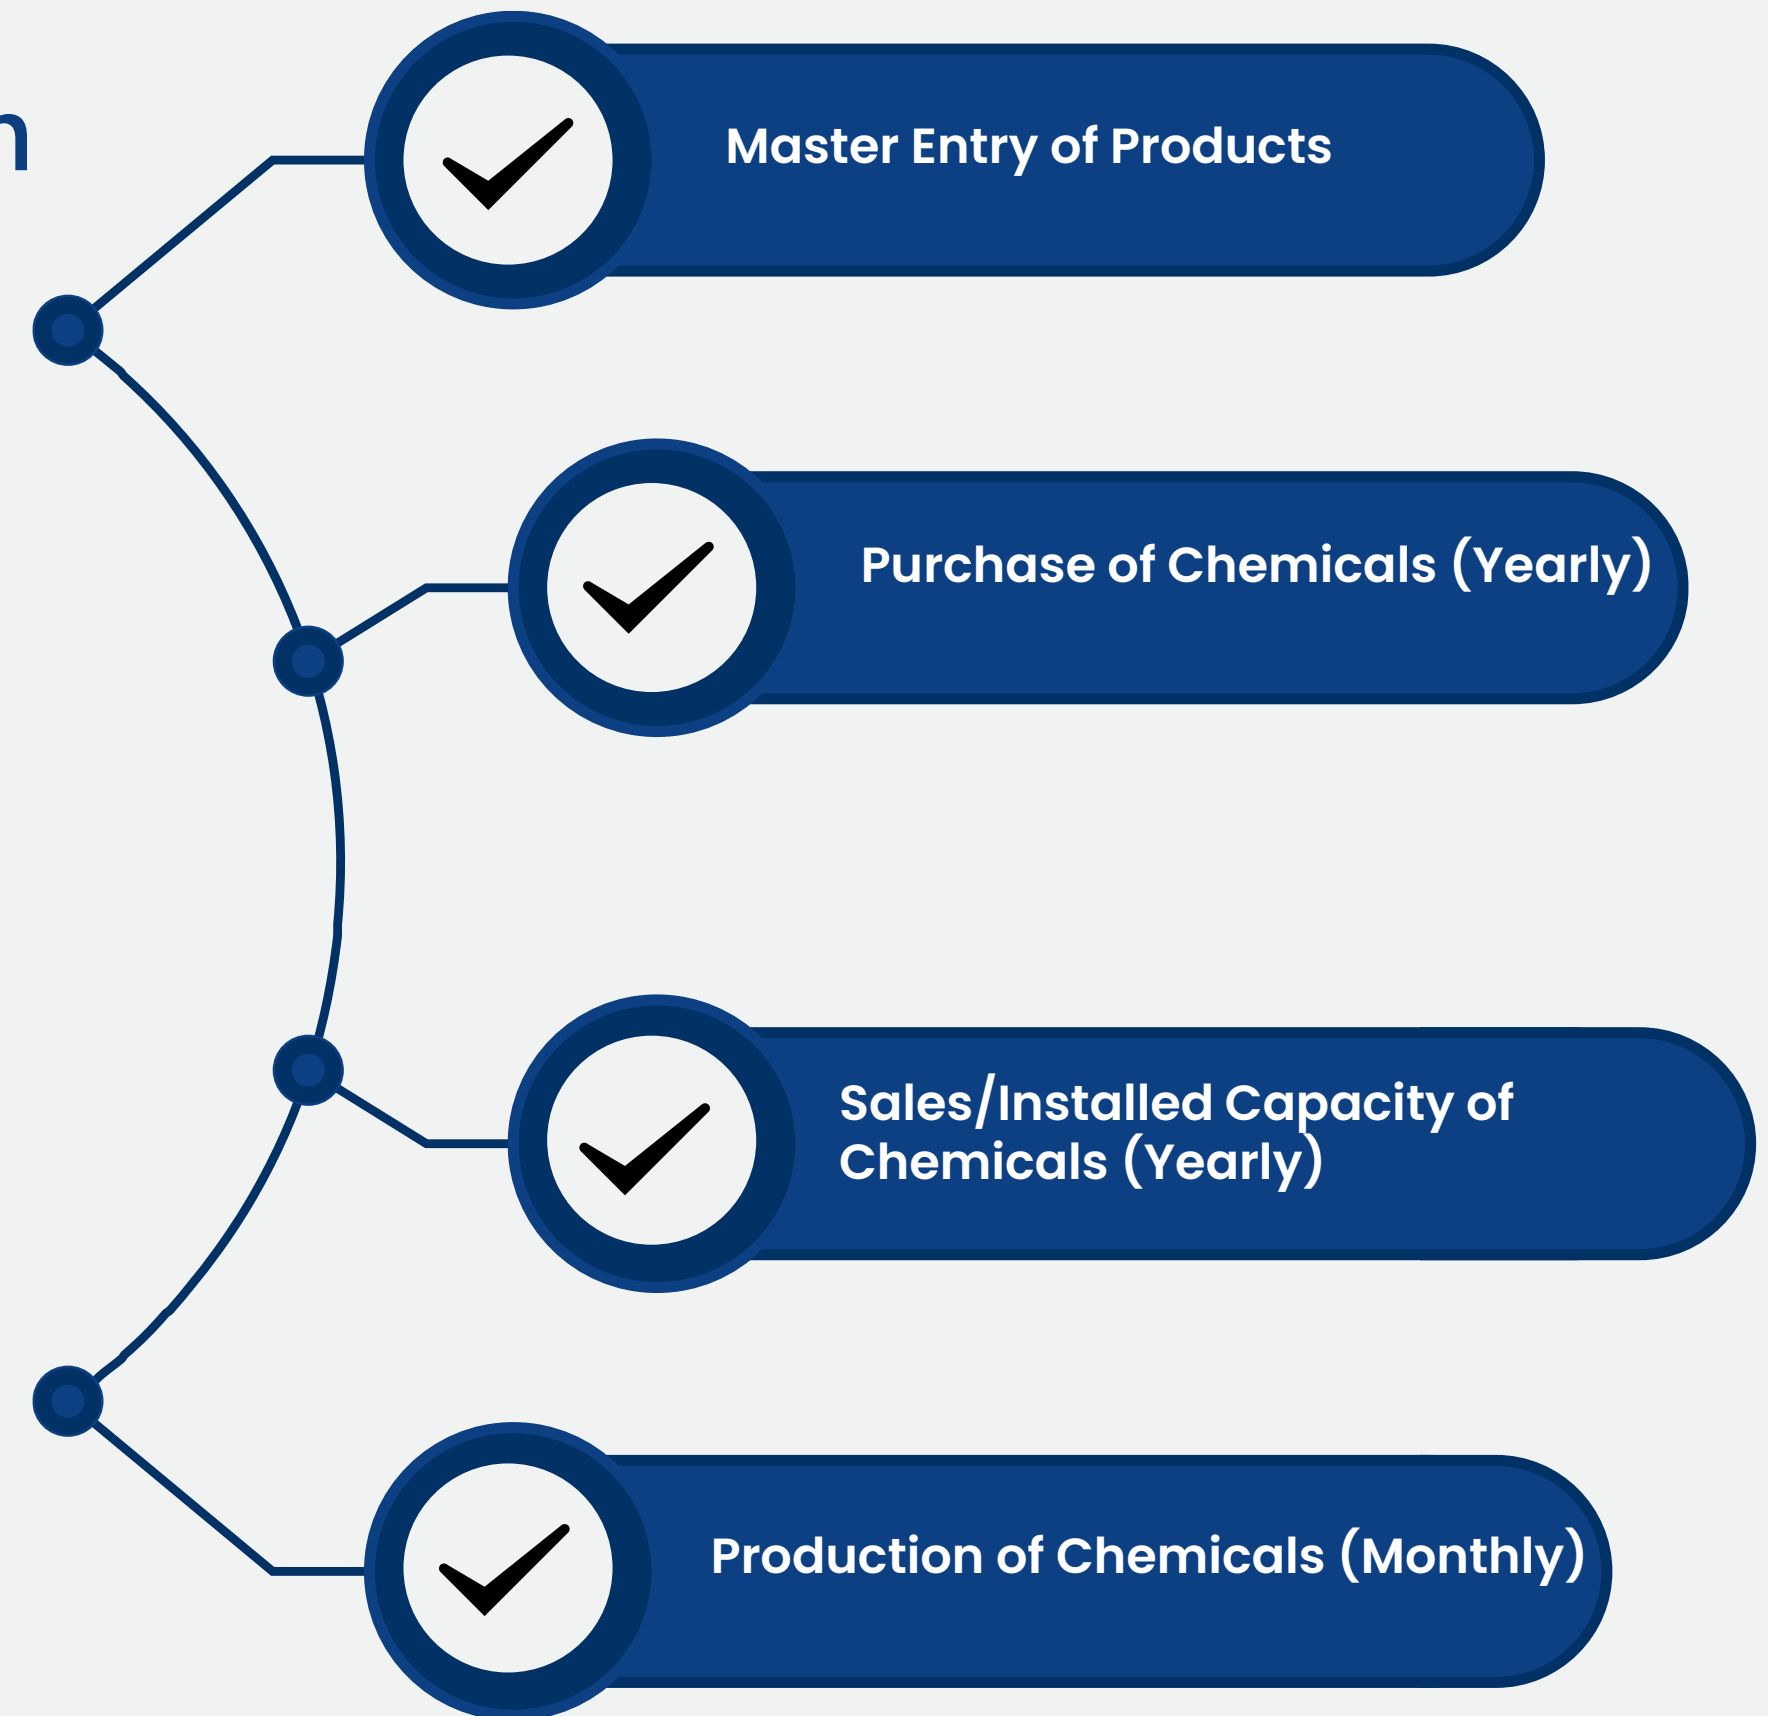

Intended Data Types and Submission Cycles

Production Data: Submitted monthly by each unit to track ongoing production.

Yearly Data: Comprehensive data overview submitted annually for regulatory compliance.

- **Purchase of Chemicals:** Details of imports submitted annually to monitor international procurement.
- **Sales/Installed Capacity of Chemicals:** Annual submissions detailing export activities for trade and regulatory tracking.

BENEFITS

- **Share Best Practices:** Centralize successful strategies for industry-wide adoption, helping businesses improve operational efficiency and sustainability.
- **Track Performance & Trends:** Provide real-time data on market trends, production levels, pricing, and environmental impacts, aiding decision-makers in staying ahead of the curve.
- **Ensure Data Accuracy:** Offer precise data management and analytics, ensuring stakeholders can make informed, data-driven decisions with confidence.
- **Promote Innovation:** Support research, technological advancements, and sustainable practices, encouraging industry-wide innovation.
- **Aid Policymakers:** Provide critical data to help policymakers create informed regulations that balance industry growth with environmental and safety standards.
- **Facilitate Research:** Offer comprehensive datasets and analytical tools to empower researchers and stakeholders in their studies and innovations.
- **Support Industry Efficiency:** Streamline operations, enhance regulatory compliance, and connect businesses with necessary resources and experts through an integrated support system.
- **Foster Collaboration:** Enable collaboration between industry, academia, and government, promoting joint research and the development of new solutions.
- **Enhance Global Competitiveness:** Provide a platform for benchmarking global trends, helping industries remain competitive in a rapidly changing global market.

STATISTICAL ANALYSIS FROM THE DATA RECEIVED FROM THE PORTAL

COMPANY/UNIT/PRODUCT REGISTRATION

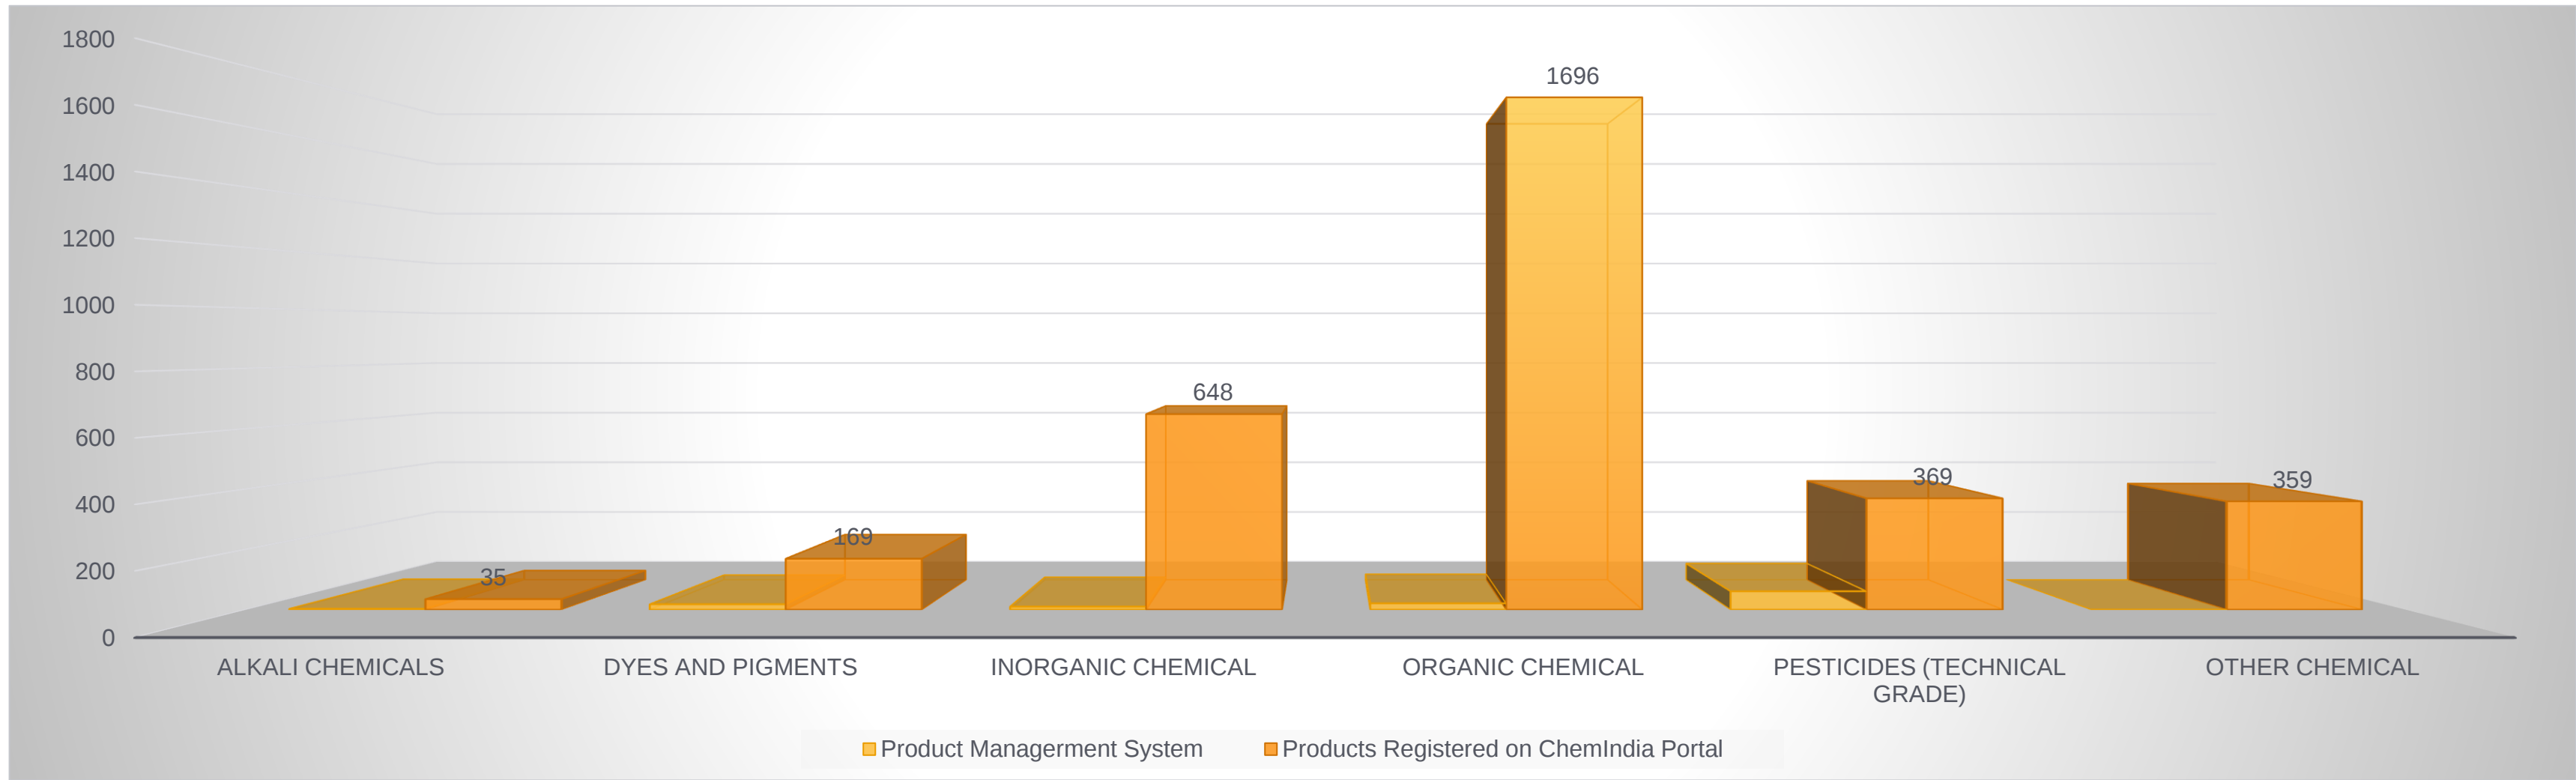

As of today, the ChemIndia Portal has registered 1316 companies and 1125 units manufacturing units across India's chemical and petrochemical sectors, along with 3640 products.

Group-wise registration of Chemical products:

Category	Chemical	
Group	Product Management System (PMS)	Products Registered on ChemIndia Portal
Alkali Chemicals	3	35 
Dyes and Pigments	18	169 
Inorganic Chemical	10	648 
Organic Chemical	21	1696 
Pesticides (Technical Grade)	61	369 
Other Chemical	NA	359
Grand Total	113	3276

STATISTICAL ANALYSIS FROM THE DATA RECEIVED FROM THE PORTAL

COMPANY/UNIT/PRODUCT REGISTRATION

According to the PMS portal was monitoring only 113 Chemical products. However, on the ChemIndia Portal, 3276 chemical products have now been registered.

STATISTICAL ANALYSIS FROM THE DATA RECEIVED FROM THE PORTAL

COMPANY/UNIT/PRODUCT REGISTRATION

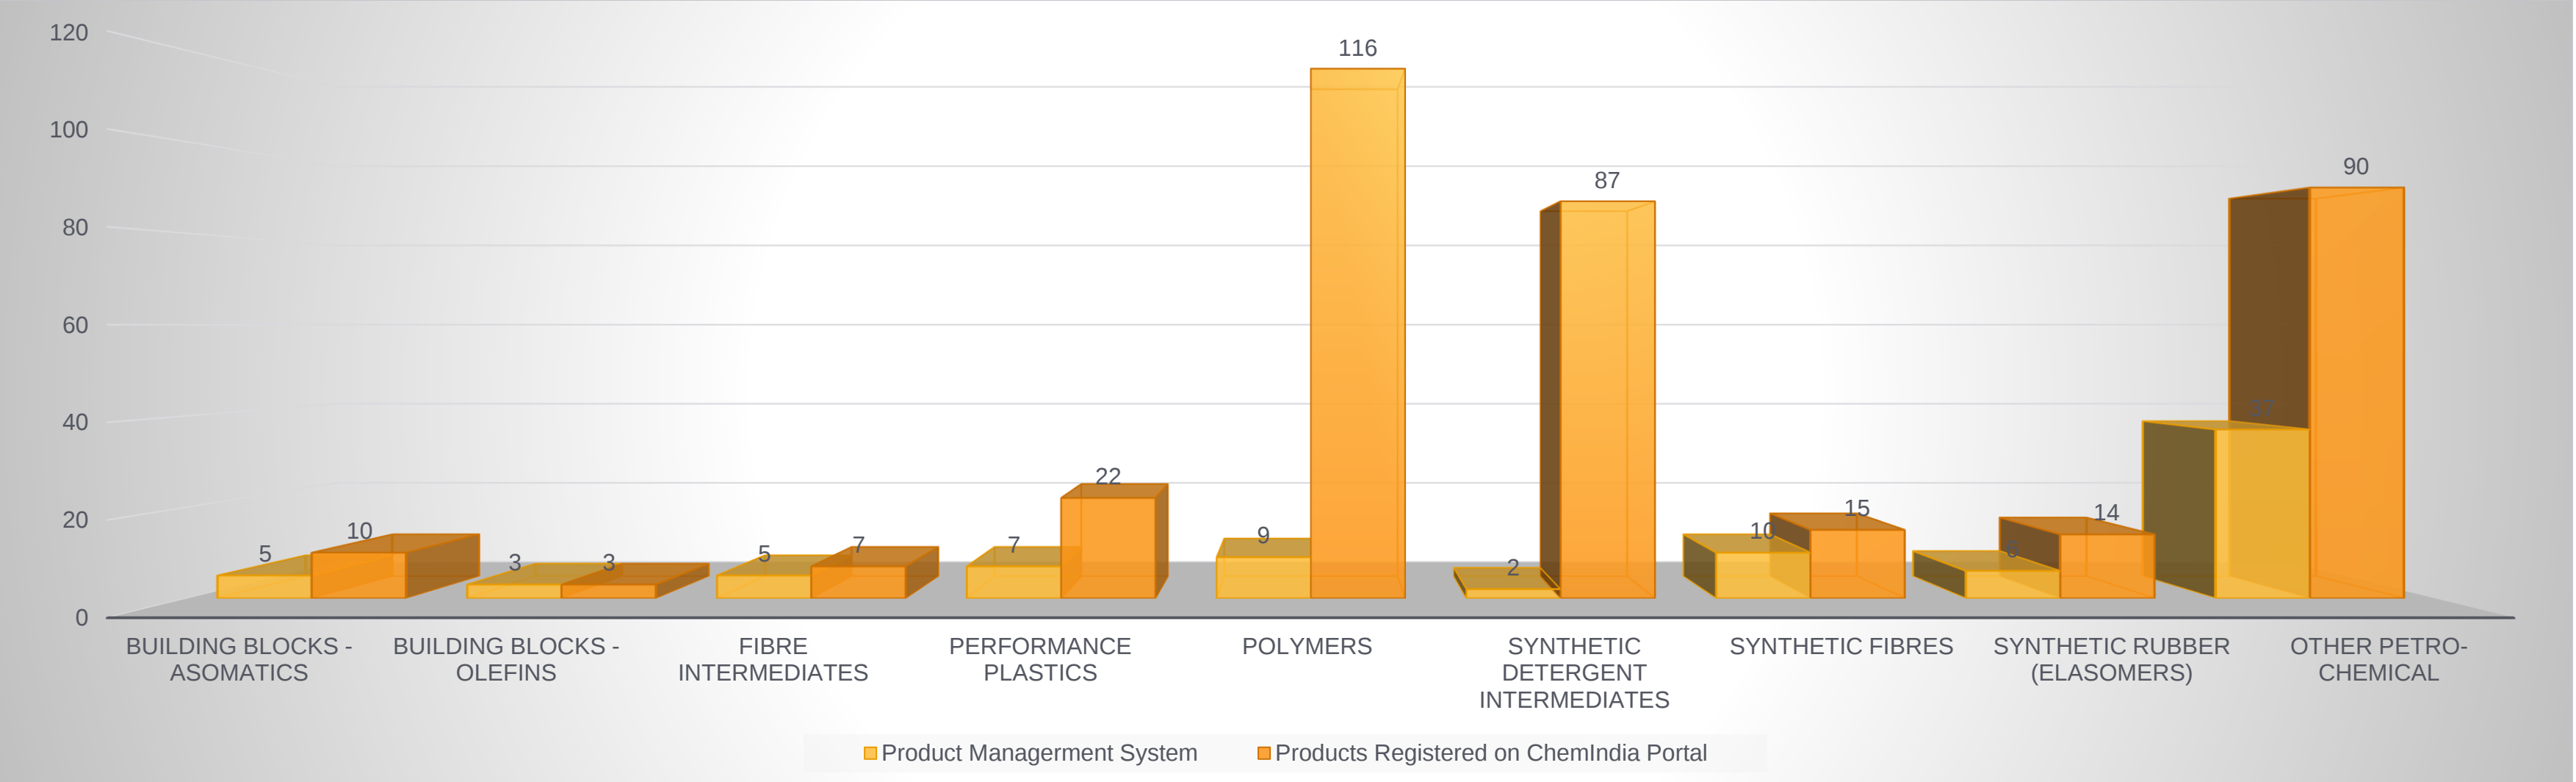

Group-wise registration of Petrochemical products:

Category	Petro-chemical	
Groups	Product Managerment System	Products Registered on ChemIndia Portal
Building Blocks - Asomatics	5	10 ↑
Building Blocks - Olefins	3	3
Fibre Intermediates	5	7 ↑
Performance Plastics	7	22 ↑
Polymers	9	116 ↑
Synthetic Detergent Intermediates	2	87 ↑
Synthetic Fibres	10	15 ↑
Synthetic Rubber (Elasomers)	6	14 ↑
Other Petro-chemical	37	90 ↑
Grand Total	84	364

According to the Product Management System (PMS), only 84 Petro-Chemical products were being monitored. However, on the ChemIndia Portal, a total of 364 Petro-chemical products have now been registered.

STATISTICAL ANALYSIS FROM THE DATA RECEIVED FROM THE PORTAL

COMPANY/UNIT/PRODUCT REGISTRATION

According to the Product Management System (PMS), only 84 Petro-Chemical products were being monitored. However, on the ChemIndia Portal, a total of 364 Petro-chemical products have now been registered.

ANALYSIS ON INSTALLED CAPACITY

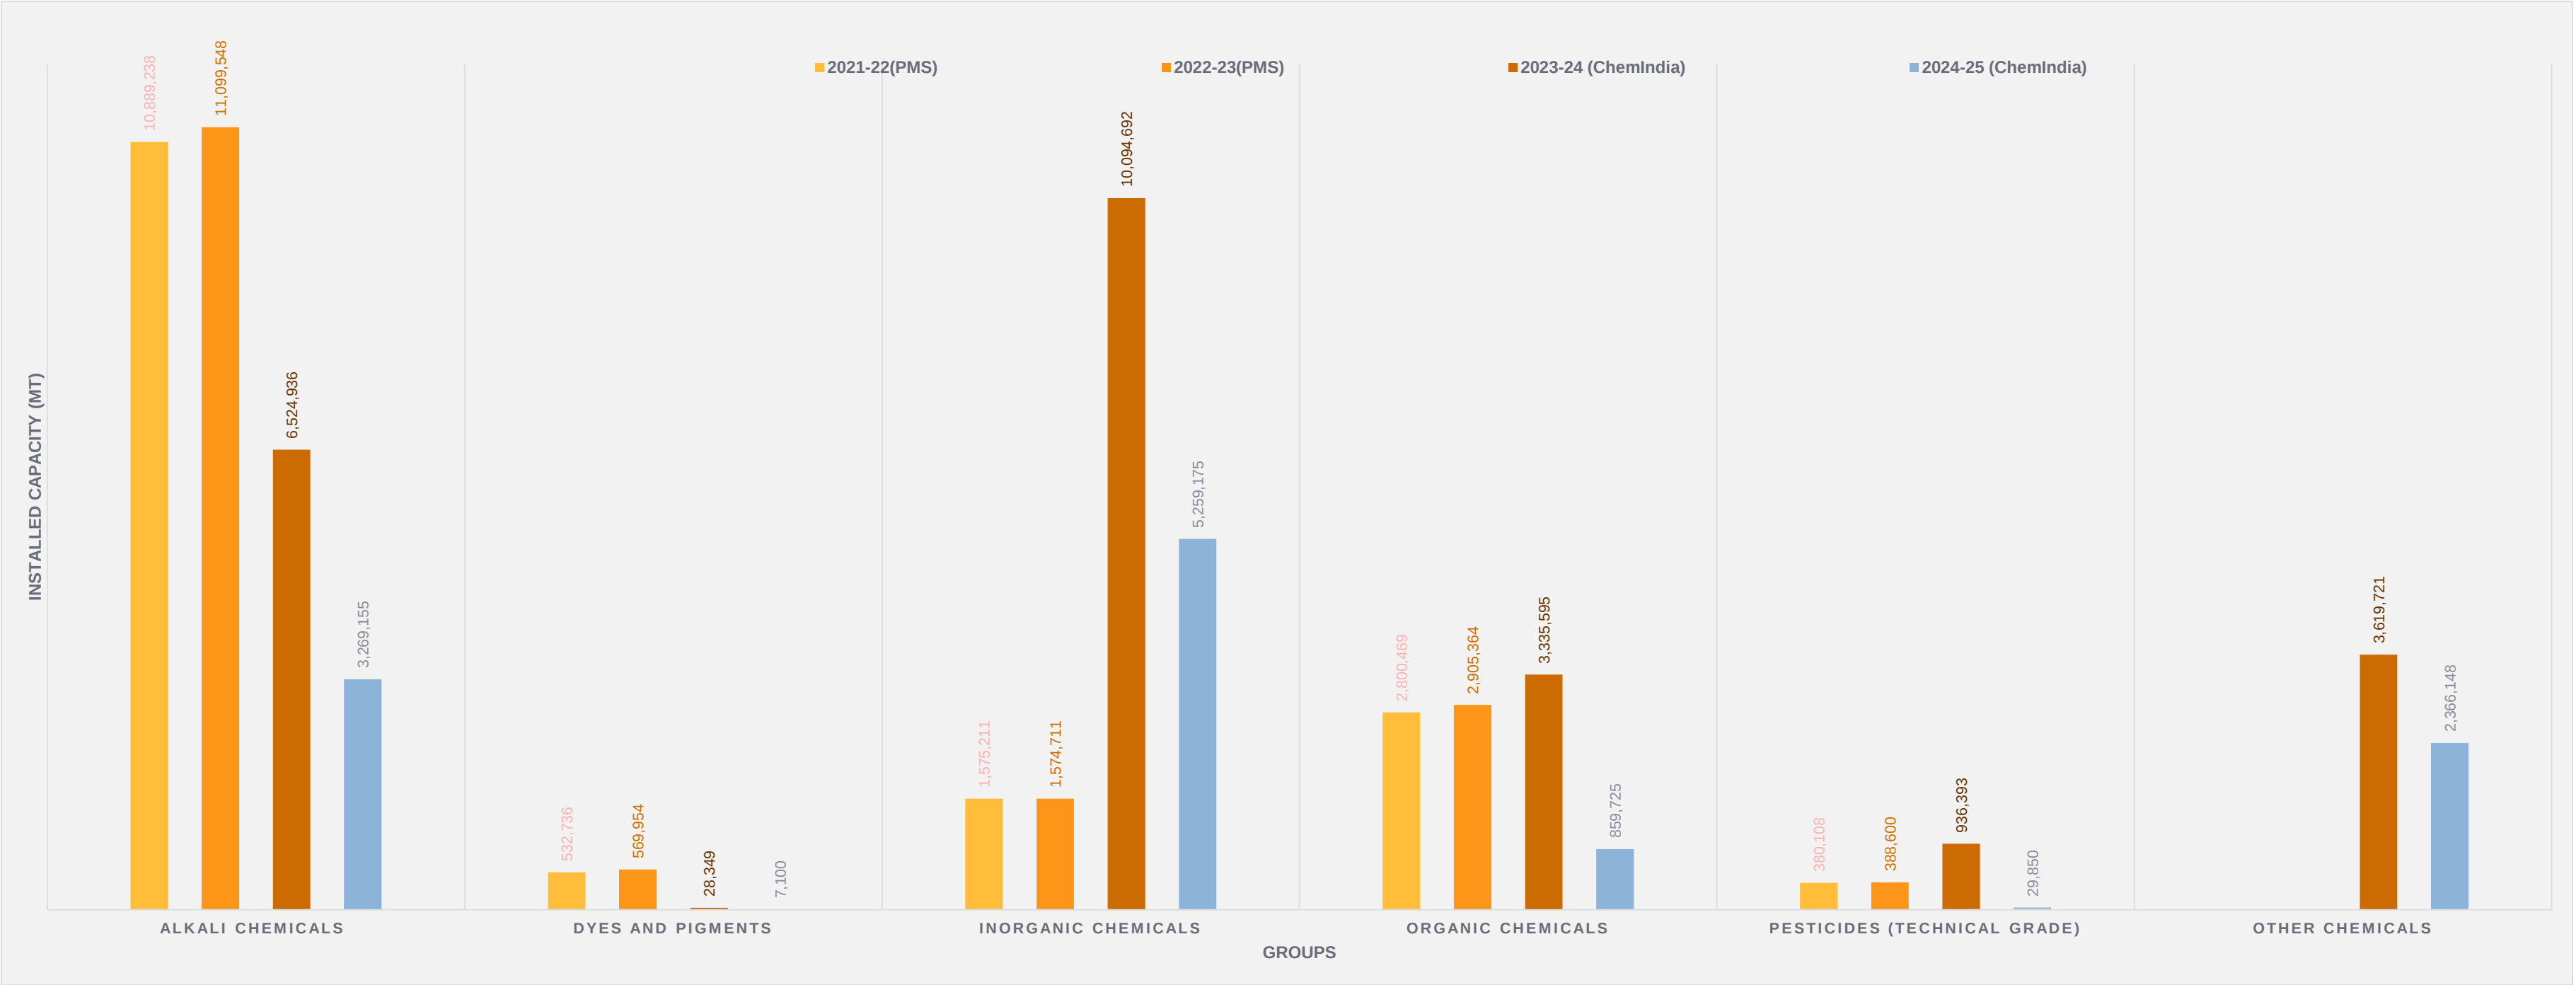

INSTALLED CAPACITY OF CHEMICALS (GROUP-WISE)

Installed Capacity (Group-wise) for Chemicals				
				QTY in MT
Category	Chemicals			
Group	2021-22(PMS)	2022-23(PMS)	2023-24 (ChemIndia)	2024-25 (ChemIndia)
Alkali Chemicals	1,08,89,238	1,10,99,548	65,24,936	32,69,155
Dyes and Pigments	5,32,736	5,69,954	28,349	7,100
Inorganic Chemicals	15,75,211	15,74,711	1,00,94,692	52,59,175
Organic Chemicals	28,00,469	29,05,364	33,35,595	8,59,725
Pesticides (Technical Grade)	3,80,108	3,88,600	9,36,393	29,850
Other Chemicals			36,19,721	23,66,148
Grand Total	1,61,77,762	1,65,38,177	2,45,39,685.95	1,17,91,153.33

Note: For 2023-24 (ChemIndia), has shown **48.5%** growth in compare to 2022-23 (PMS), while for 2024-25 (ChemIndia) , the units are still filling data as the obligation for furnishing details of installed capacity shall in the month of April,2025.

ANALYSIS ON INSTALLED CAPACITY

INSTALLED CAPACITY OF CHEMICALS (GROUP-WISE)

Note: For 2023-24 (ChemIndia), has shown **48.5%** growth in compare to 2022-23 (PMS), while for 2024-25 (ChemIndia) , the units are still filling data as the obligation for furnishing details of installed capacity shall in the month of April,2025.

ANALYSIS ON INSTALLED CAPACITY

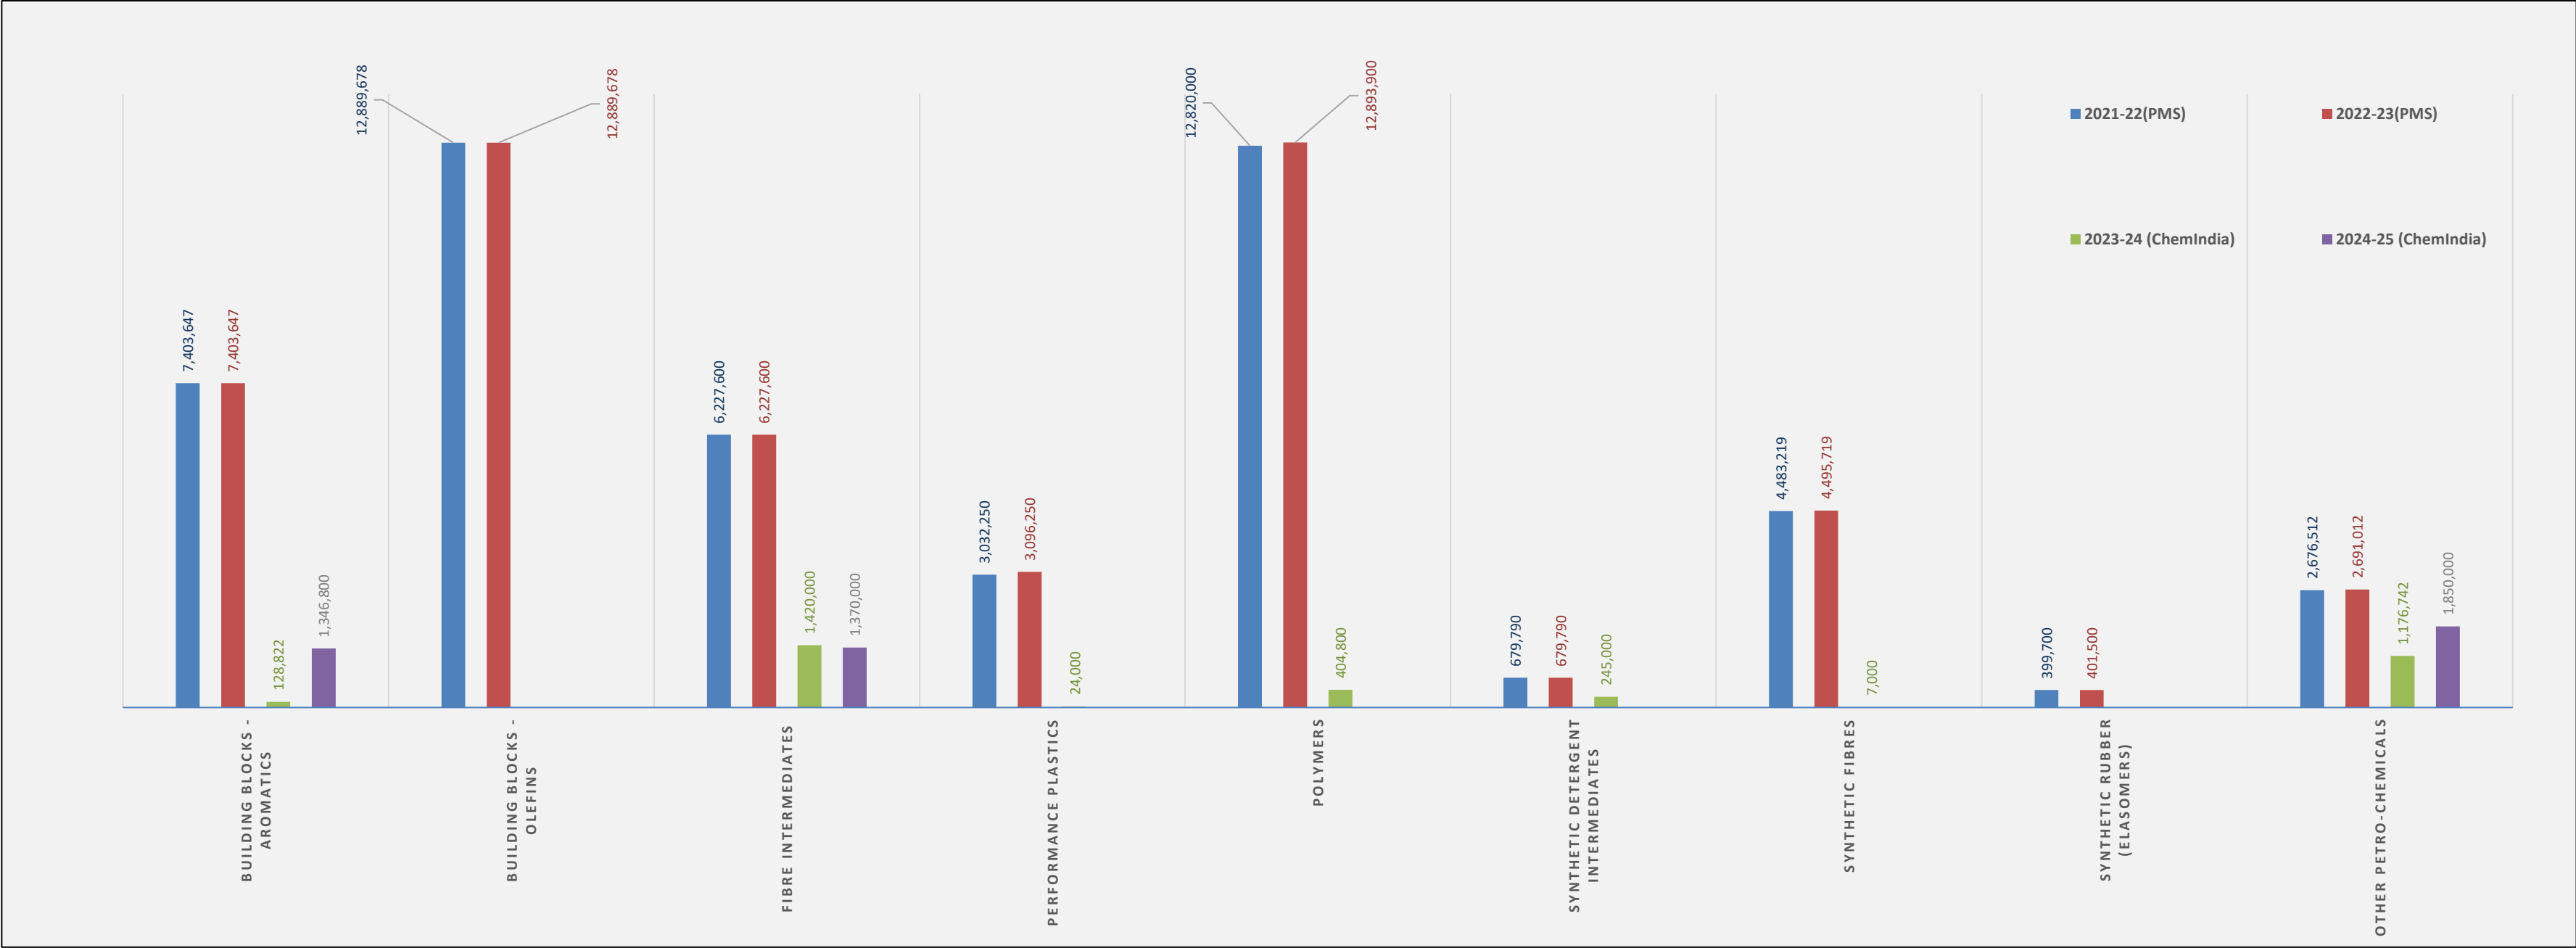

Installed Capacity of Petrochemicals (Group-wise)

				Unit in MT
Groups	2021-22(PMS)	2022-23(PMS)	2023-24 (ChemIndia)	2024-25 (ChemIndia)
Building Blocks - Aromatics	74,03,647	74,03,647	1,28,822	13,46,800
Building Blocks - Olefins	1,28,89,678	1,28,89,678		
Fibre Intermediates	62,27,600	62,27,600	14,20,000	13,70,000
Performance Plastics	30,32,250	30,96,250	24,000	
Polymers	1,28,20,000	1,28,93,900	4,04,800	
Synthetic Detergent Intermediates	6,79,790	6,79,790	2,45,000	
Synthetic Fibres	44,83,219	44,95,719	7,000	
Synthetic Rubber (Elasomers)	3,99,700	4,01,500		
Other Petro-chemicals	26,76,512	26,91,012	11,76,742	18,50,000
Grand Total	5,06,12,396	5,07,79,096	34,06,364	45,66,800

Note: For 2023-24 (ChemIndia), and 2024-25(ChemIndia) , the Units are still furnishing data for both the years .

ANALYSIS ON INSTALLED CAPACITY

Installed Capacity of Petrochemicals (Group-wise)

Note: For 2023-24 (ChemIndia), and 2024-25(ChemIndia) , the Units are still furnishing data for both the years .

ANALYSIS ON PRODUCTION

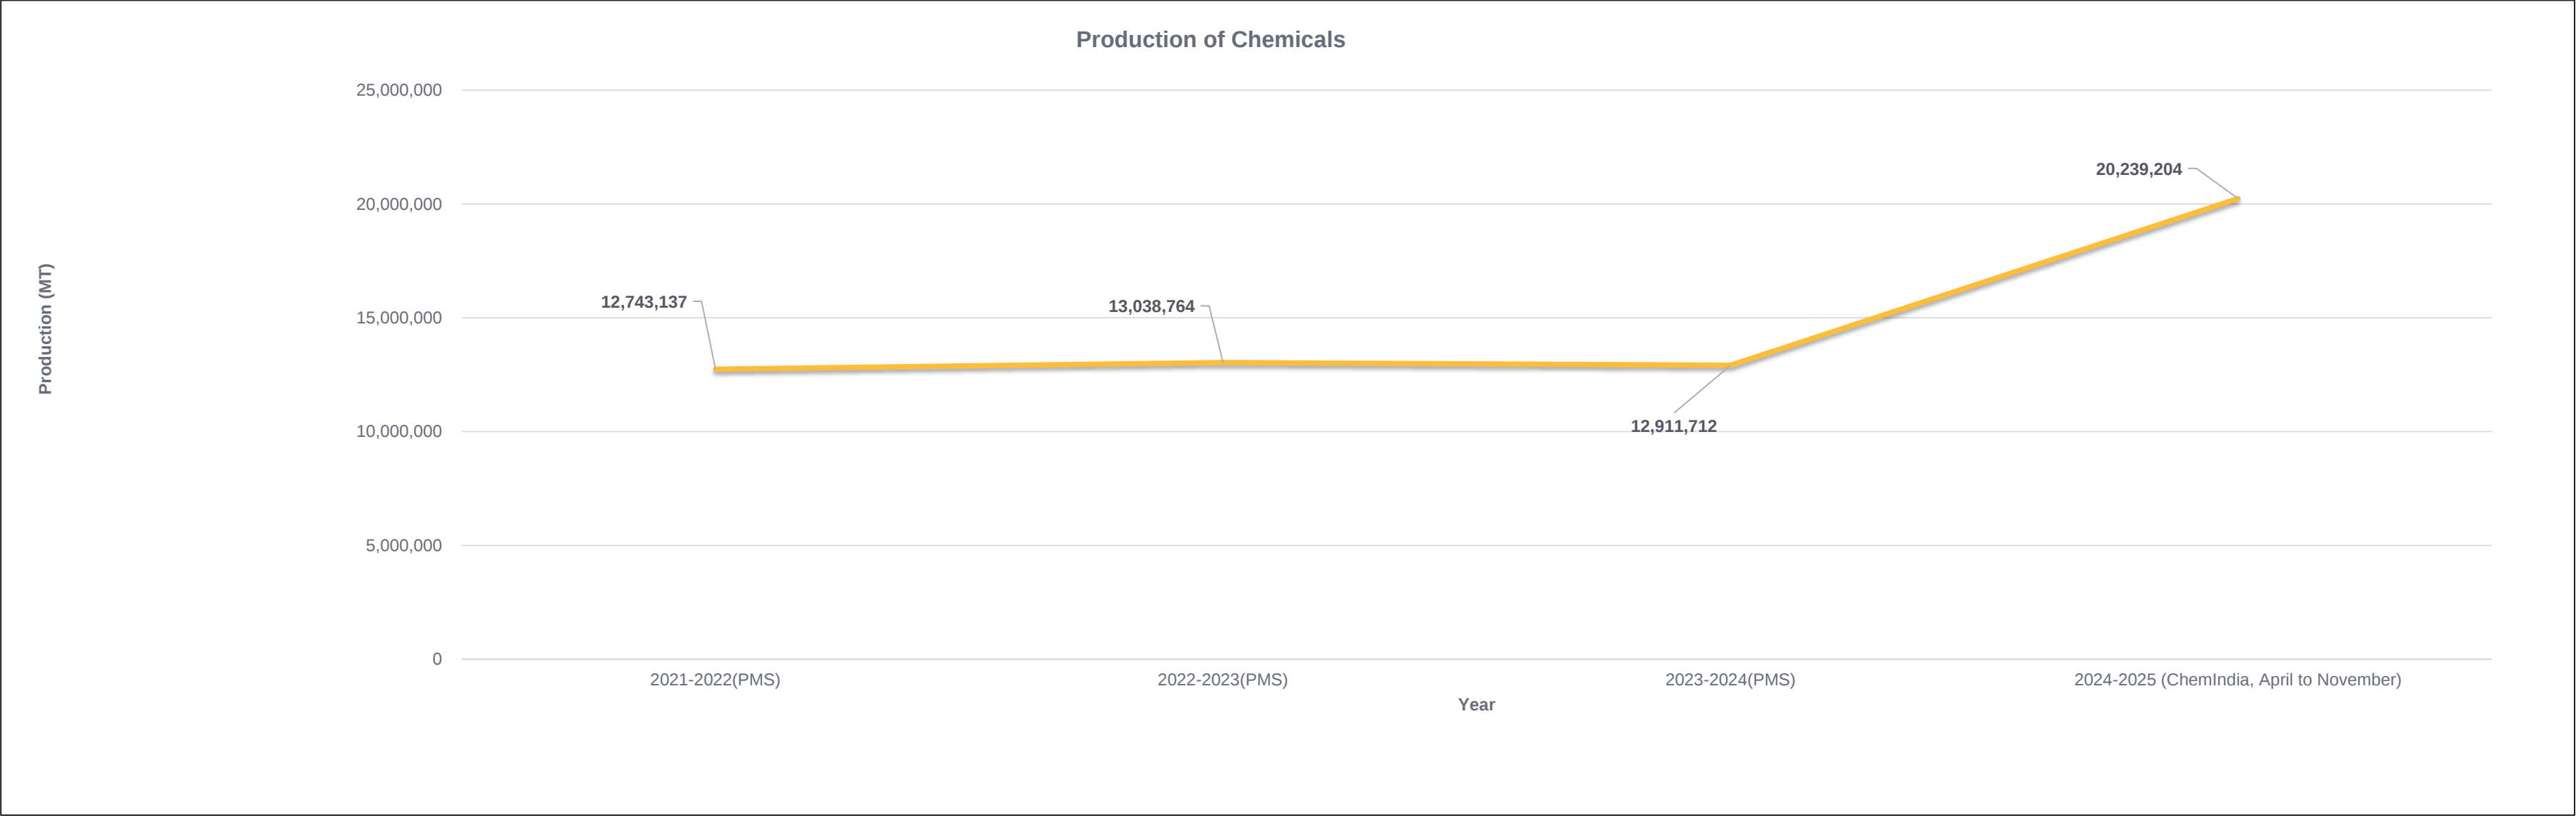

Group-wise production of Chemical

Production data in MT				
Category	Chemical			
Group	2021-2022(PMS)	2022-2023(PMS)	2023-2024 (ChemIndia)	2024-2025 (ChemIndia)
Alkali Chemicals	90,41,001	94,92,635	45,72,646	1,19,87,852
Dyes and Pigments	3,98,020	3,18,058	1,703	46,411
Inorganic Chemicals	10,51,781	10,58,426	30,11,509	83,50,067
Organic Chemicals	19,52,996	19,11,515	37,99,143	42,69,236
Pesticides (Technical Grade)	2,99,339	2,58,130	19,323	1,36,217
Other Chemicals			15,82,945	24,52,771
Grand Total	1,27,43,137	1,30,38,764	1,29,87,269	2,72,42,553

ChemIndia production data for FY 2024-25 is noticeably higher from the past three years, showing a **109.7%.** increase which is still going to rise.

ANALYSIS ON PRODUCTION

Group-wise production of Chemical

ChemIndia production data for FY 2024-25 is noticeably higher than the PMS data from the past three years, showing a 56.75% increase compared to FY 2023-24. As the fiscal year is still ongoing, production numbers for FY 2024-25 continue to rise.

ANALYSIS ON PRODUCTION

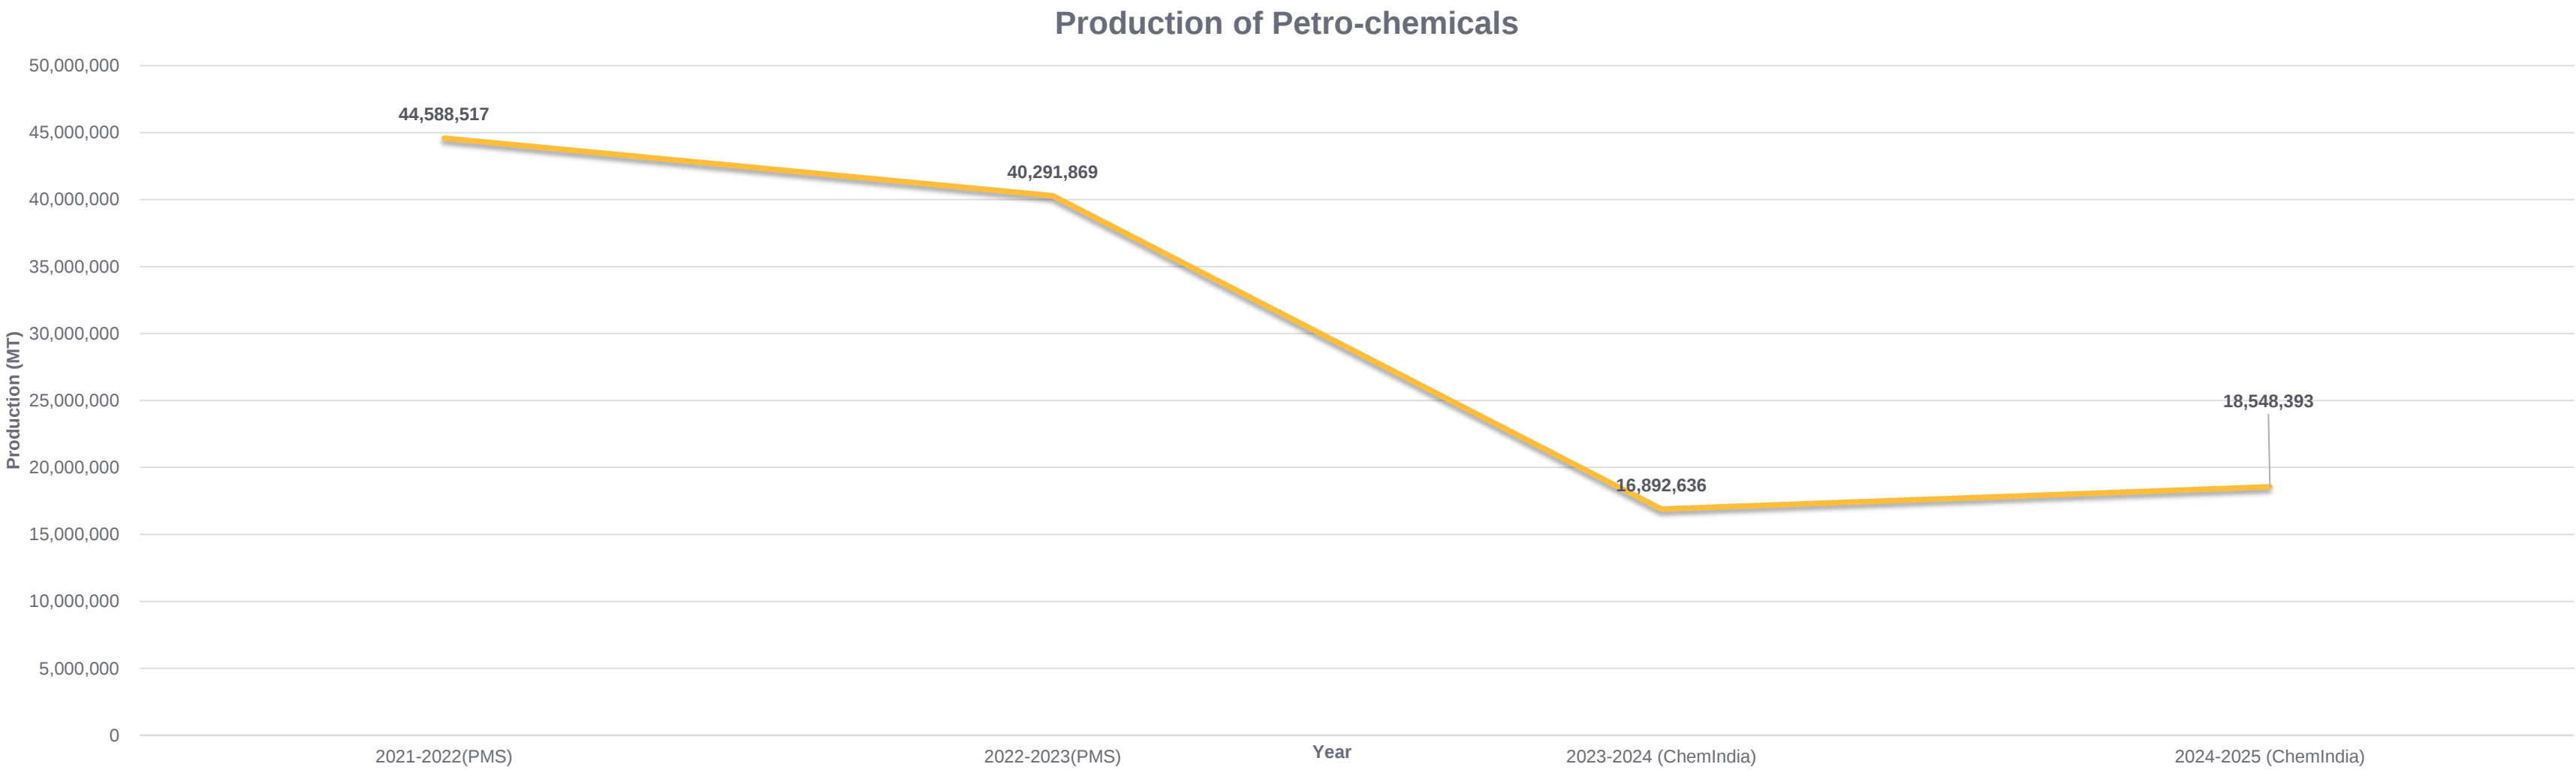

Group-wise production of Petro-chemicals

	Production Value in MT			
Category	Petrochemical			
Group	2021-2022(PMS)	2022-2023(PMS)	2023-2024 (ChemIndia)	2024-2025 (ChemIndia)
Building Blocks - Aromatics	46,77,167	33,61,775	21,42,237	1539338.77
Building Blocks - Olefins	1,25,27,024	1,12,96,045	36,64,717	3321266.3
Fibre Intermediates	54,81,670	49,88,034	27,73,566	3441207.72
Other Petro-chemicals	25,31,293	25,10,607	3,96,272	462239
Performance Plastics	16,97,684	16,28,365	3,88,107	774924.5
Polymers	1,24,70,653	1,14,86,615	46,31,122	5360631.39
Synthetic Detergent Intermediates	7,80,388	7,03,023	4,50,539	388425.29
Synthetic Fibres	40,40,006	39,72,549	21,85,088	3029614.17
Synthetic Rubber (Elastomers)	3,82,632	3,44,856	2,60,988	230746.18
Grand Total	4,45,88,517	4,02,91,869	1,68,92,636	1,85,48,393

Note: For 2023-24 (ChemIndia), and 2024-25 (ChemIndia) , the Units are still furnishing data for both the years However, production data is showing positive trend .

ANALYSIS ON PRODUCTION

Group-wise production of Petro-chemicals

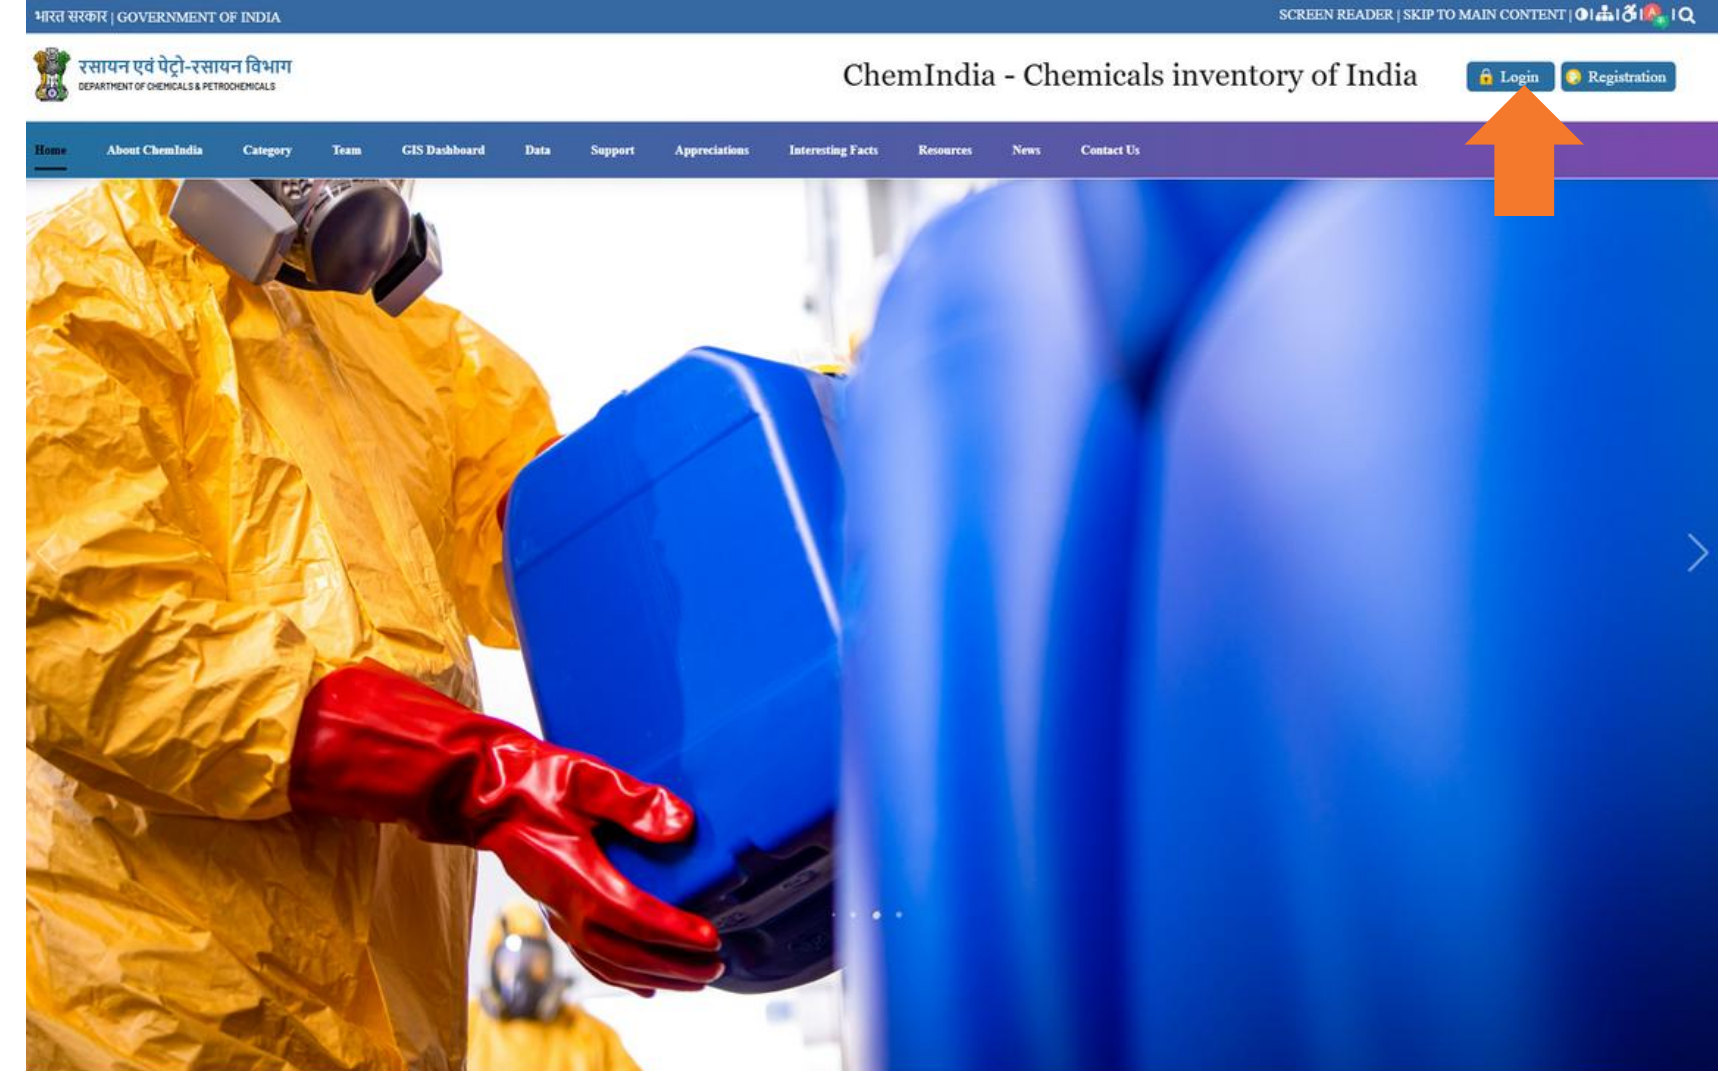

Note: For 2023-24 (ChemIndia), and 2024-25 (ChemIndia) , the Units are still furnishing data for both the years However, production data is showing positive trend .

HOME PAGE OVERVIEW

- The home page serves as the central gateway to the ChemIndia Portal <https://chemindia.chemicals.gov.in/>.
- Features a clean and intuitive layout with clear navigation menus.
- Prominent login options for three user types:
 - Company/Unit/Unit Operator Login
 - Company/Unit Registration

LOGIN

REGISTRATION

Registration

COMPANY REGISTRATION

Go to Registration Page: Click on "Registration" and select "Company" to start.

Fill Company Details: Enter all required company information and click "Register."

Verify OTP: You'll receive an OTP on your mobile and email. Enter it and click "Submit."

Confirmation: After successful registration, you'll be redirected to the login page.

Login: Use your registration credentials to log in.

Complete Registration: Enter additional company details and upload required documents (e.g., Registration Certificate, GST Certificate, PAN Card).

Submit: After filling in the details and uploading documents, click "Submit" to complete the registration.

The screenshot displays the ChemIndia website interface. At the top, the header includes the Government of India logo and the text 'रसायन एवं पेट्रो-रसायन विभाग' (Department of Chemicals & Petrochemicals). The main heading is 'ChemIndia - Chemicals inventory of India'. Navigation links include Home, About ChemIndia, Category, Team, GIS Dashboard, Data, Support, Appreciations, Interesting Facts, Resources, News, and Contact Us. A 'Login' button is visible in the top right corner. The central content area features a large green checkmark and the text 'THANK YOU!'. Below this, a message states: 'Thank you for Signing-up with ChemIndia!! We are delighted to inform you that your Sign-up process has been completed. Kindly login with your credentials to finish the registration process.' A 'Login' button is provided below the message. The footer contains a list of 'USEFUL LINKS' (IIP, FDI, ECHA-European Union, Chemicals Abstracts Service, Office of the Economic Adviser, DPIIT, DGCIS, Exchange Rates, World Import/Export, Annual Survey of Industries, Australian Industrial Chemicals Introduction Scheme) and 'MEGA EVENTS' (India Chem, Global Chemicals and Petrochemicals Manufacturing Hubs, Visitor Count: 215899). The footer also includes a copyright notice: '© 2023 Department of Chemicals & Petro-chemicals. All Rights Reserved.'
